Sunday November 25, 2018 was the date. The East Fremantle Yacht Club was the venue. Not a full house but a quality one gathered to celebrate another pretty successful year given the awful state of our economy. An absolute credit to the committee & members who made the class the most populated of all the race categories at every meeting. Our favourite commentator and brother at arms Vaughn Brewer called the shots for the day. The guest speaker and life member Bill Meeke (ret) related the formative years of the club and its growth and achievements. Some very precious history which we hope bill will record for the club annals.
